CITY COUNCIL

Weekly Meeting

At the regular meeting of the City Council on Friday, Mayor Jones and Aldermen Sutherland, Taylor, Calder, Cosens, Copeland and Thompson were present.

Messrs. R. Armstrong and L. Haynes waited upon the Council to ask that more fire protection be given residents in the southern section of the City, especially that section near the scene of the fire which destroyed the home of Mr. H. Boyd. A hydrant should be placed at the southern end of Long Ave. It would serve a big section and would give the Fire Brigade a fair opportunity to do their work of fire fighting. The Brigade had been handicapped at the recent fire by the distance of the hydrant from the blaze, and nearby residents did not relish the prospect of facing similar risks much longer. There seemed to be a disposition to overlook that section of the city when installing hydrants, and the petitioners hoped that the Council would do their best to remedy the condition as soon as possible.

The Mayor assured the speakers that the Council would give their earnest attention to the matter. The City was in need of a large number of hydrants but some time would be required to get an order filled.

The attention of the Council was drawn to a discrepancy in the figures registered by the water meter at the Casorso Block, during the month of November, in comparison with previous months. It seemed quite evident that the special fire protection connection on the street in front of the block had been tampered with, and an immense quantity of water was being used without being metered.

Ald. Thompson said it was impossible to say who was responsible for the offence, and he was distinctly opposed to taking any arbitrary action against the owners of the block.

Aldermen Taylor and Calder insisted that drastic measures must be taken. If this special connection were cut off, the persons directly affected thereby could open negotiations with the Council for a resumption of the privilege.

It was moved by Ald. Calder, seconded by Ald. Taylor, that owing to the privilege given to Messrs. Casorso Bros. for fire protection connection being abused, the said connection be immediately closed, and that the Water and Light Committee be given power to negotiate with Casorso Bros. and report to the Council.

Ald. Thompson's amendment to the motion, to the effect that the connection be locked, and the key given to the Chief of the Fire Brigade, and that Casorso Bros. be notified that that effect, was lost on a vote by the Council.

Ald. Thompson protested vigorously against the action of his colleagues, and the discussion, which occupied the most of the session, was quite the most interesting which the City Fathers have indulged in for some time. It is the intention of the Water and Light Committee to probe the matter to the bottom, and probably at the next Council meeting sufficient material testimony will be presented to furnish grounds for another warm debate.

It was moved by Ald. Cosens, seconded by Ald. Copeland, that the fire office be kalsomined and the hall have a general cleaning, also that the Fire Committee be allowed to purchase one mattress, two curtains, and the necessary rubbers and boots for the winter months.

The motion went with a swing. Mayor Jones remarking on the splendidly unselfish spirit evinced by the members of the Fire Brigade, from the Chief down.

A motion to sell copies of the City map at \$7.50 each was passed.

By-laws 144, 145, 146 were read a first, second and third time. They were introduced in connection with the construction of branch sewers in the City.

It was moved and carried: That a Court of Revision be held in the Council Chamber on Wednesday, December 10th, at 10 a.m., for the purpose of hearing complaints against the Voters' List for 1914, as compiled by the City Clerk, and that his Worship the Mayor, Ald. Thompson and Ald. Sutherland be appointed members of the Court.

The Police Report for November was handed in by Chief Sutherland, and read by the Mayor, as follows: drunk and incapable, 5 cases; drunk and disorderly, 4; drunk in charge of saddle horse, 1; common assault, 1; keeping disorderly houses, 2; inmates of same, 10; refused to pay trade licence, 1; driving rig on sidewalk, 1; and one case of obtaining board and room under false pretences. A total of \$370.50 in fines and costs had been handed over to the City Clerk.

Mayor Jones commented favourably on the decrease in the number of cases of drunkenness. The report was then filed.

Chief Sutherland drew the attention of the Council to the necessity of a change in the by-law which regulates the time limit during which teams can be left standing in the street on cold winter days. The

CLARENCE EKLUND

Will Wrestle in Vernon Next Week

Clarence Eklund, the champion middleweight wrestler of Canada, is scheduled to appear in Vernon on or about December 18, when he will meet Sam Clapham, a Yorkshire light heavyweight who claims the championship of England at his weight. The Englishman is a likely-looking grappler, and has agreed to make a weight of 170 pounds or forfeit the sum of \$50 to Eklund, who is at present near the middleweight limit. The match will be staged in the Empress Theatre, best two out of three falls, the referee to be mutually agreed upon and the purse to be divided on a 75 per cent. and 25 per cent. basis, after all expenses are paid.

Eklund is in hard training for the match and will take no chances with his powerful opponent, as the champion is expecting to meet George Walker in the near future in a return bout for the middleweight championship. Eklund will train under the experienced eye of Bob Sutherland, and is confident he can defeat the big Yorkshireman. "The bigger they are, the harder they fall," is the motto of the Kelowna boy.

Clapham will train in Vernon. He was in town on Tuesday and Wednesday and signed articles for the match, but will be doing the Marathon stunt along the Vernon lanes for the next week, to reduce weight, and generally fit himself for a contest with the champion.

The match is arousing keen interest both in Vernon and Kelowna, and promises to be a whirlwind affair.

ELLISON NOTES

(From Our Own Correspondent)

At the meeting of the Literary Society on Friday last two debates were held. The first was on, "Resolved, That the city boy is more out of place in the country than the country boy in the city." A change was made in the speakers as announced in last week's issue, H. Lang and J. Conroy taking the affirmative, and C. Whitaker and W. Heron the negative. A lively debate ensued, the negative winning by a good majority.

The second debate was on the question, "Resolved, That woman is more efficient in the art of cooking than man." The affirmative was upheld by Mrs. J. Lang and J. Barron. Mr. R. Booth took the negative and was to have had Mrs. Silke as his coadjutor, but, owing to a severe headache, that lady was unable to attend, and in her absence Mr. G. Whitaker kindly consented to read her paper. A very amusing and keen debate took place, which was finally won by the affirmative.

The chairman, Mr. H. Bowser, announced that next Friday will be "Magazine Night," for which everybody should come prepared, and it is to be hoped there will be as good an attendance as there was last week.

Chief remarked that he considered four hours was much too long to leave a team standing in the open on a cold day, and it should be reduced to two hours.

The Council looked on the Chief's suggestion favourably and promised to attend to it as soon as possible.

The Finance Committee recommended payment of the following accounts:

A. & H. ASSOCIATION

Adjourned Annual Meeting

The adjourned annual meeting of the Agricultural and Horticultural Association took place on Saturday afternoon, in Raymer's Small Hall. The attendance was very poor, numbering only fourteen, all of whom but two were Directors. President Dellart occupied the chair and in the absence of the Secretary, Mr. C. A. Washburne, minutes of the proceedings were taken by Mr. L. E. Taylor.

The President submitted an audited financial statement, the details of which he read and explained as far as he was able, but, owing to the absence of the Secretary, information on some points was lacking, and on this account permission to publish the statement was denied to the press.

After a great deal of discussion, it was moved by Mr. J. L. Pridham, seconded by Mr. R. A. Copeland, and carried, That the financial statement be laid on the table until a report is received from last year's Finance Committee and passed by the Board of Directors of 1913.

Replying to Mr. Taylor, Mr. Dellart detailed the steps taken by the 1913 Directors to finance the erection of the new exhibition building. To meet the balance of \$2,000 due the contractor, Mr. H. W. Raymer, the Directors had given him a note endorsed by all of them, but the Bank of Montreal had refused to handle it. At a meeting of the Board at which only a few of the Directors were present it was decided to approach the Royal Bank, and the result of the negotiations was that the latter had agreed to advance the funds on certain conditions, including the execution of a guarantee by all the Directors.

Mr. Taylor took exception to the manner in which the matter was handled and the account of the Association transferred from the Bank of Montreal to the Royal Bank. He expressed the view that Mr. Raymer having agreed, on being awarded the contract, to accept a note for \$2,000 as part payment, it was not the business of the Association to finance Mr. Raymer after the note was issued and accepted. If Mr. Raymer could not get one bank to handle it, it was up to him to try others, and he did not see what the Directors had to do with it. He did not consider what had been done was above board, as it was without the cognisance of several of the Board, and he therefore tendered his resignation as a Director.

Mr. Dellart defended the action of the Board, and a very lengthy debate ensued, which threatened at times to become stormy.

Mr. Heron seemed to reflect the opinions of the majority of the Directors when he said that when Mr. Raymer accepted the note he expected to be able to use it, and it was up to the Association to make it right.

Finally, on motion of Messrs. Heron and Calder, it was resolved that the guarantee of \$2,000 to the Royal Bank be signed by the Directors, and that a note covering that amount be given by the Agricultural and Horticultural Association and signed by the president and secretary.

After some further discussion, it was decided to adjourn once more for a week, until Saturday, Dec. 13, when the financial statement will again come up for consideration and, it is hoped, such information as is desired in regard to its details will be available.

A meeting of the new Board of Directors was held after adjournment of the general meeting, in order to select officers for 1914. Mr. Dellart was nominated and duly elected as President, but he absolutely declined the honour. Mr. L. E. Taylor, who had been persuaded to withdraw his resignation as a Director, was then elected to the post, but he flatly declined at first to accept it, and finally yielded only with great reluctance to the solicitations of his colleagues and on condition that he be permitted to enter his dissent in the minutes against the manner in which the 1913 Board had handled the note given to Mr. Raymer.

Mr. R. A. Copeland was elected Vice-President, and Mr. T. E. Cooper was chosen as Secretary-Treasurer, his salary being fixed at \$800 per annum. Mr. R. E. Denison was appointed Directors' auditor. Of the various committees only that on Finance was selected, the other committees being left over to a future meeting. The Finance Committee will consist of Messrs. W. B. M. Calder and C. C. Prowse.

A hearty vote of thanks was awarded to the retiring President, in reply to which Mr. Dellart assured the Directors of his continued interest in the Association and his heartfelt wishes for its success.

FIRE BLIGHT BACTERIA

In Bee Hives

Hillview Orchard,
East Kelowna,
Dec. 9, 1913.

To the Editor,
Kelowna Courier.

Dear Sir,

It would be interesting to fruit
growers to know if the staff employ-
ed under Mr. Cunningham have made
any serious investigations as to the
possibility of the bees being carrying
over the bacteria of the disease called
fire or Pear Blight, and if so, what
they have to report. There are cases
on record in the United States which
prove that bees do occasionally con-
tain the bacteria, and through bees
having been imported from affected
districts serious loss has resulted,
where no sign of blight had pre-
viously been noticed. There are no
so many people who have bees in
our district as to make it a hard
task to trace where they came from
and to have further enquiries made
at their place of origin. If bees are
responsible for the damage, the trou-
ble is bound to stay with us as long
as the hives containing the disease
are allowed to exist.

To say that California has got rid
of this serious pest is quite untrue
and has a tendency to make our fruit
growers take altogether too optimis-
tic a view of the matter. A fruit
packer who has resided for years in
California told me that the fellows
who went right after the disease,
cutting out every trace of blight,
were the only people in that
state who had orchards left at all,
and that those who gave up the fight
were utterly down and out.

This orchard of mine was inspected
shortly after the blossoms fell, but
since then not one of Mr. Cunn-
ingham's "vast army" has bothered to
look in. Other orchards to my know-
ledge, although affected with blight,
have not been sprayed for nearly two
years, and no steps have been taken
to punish the owners for failing to
carry out the inspector's orders to
cut and spray. This surely is mak-
ing a laughing stock of the Depart-
ment and its officials, besides being
most galling to those who do take
an interest in their work.

For a man to let his orchard go to
Hades is all very well if he has no
neighbours, but for those who are
whole heart and soul in the business
and dependent on the good care of
their orchards and its results for a
living, it is the rottenest deal im-
aginable. If the Department want us
to believe that they are sincere in
their work, let them get busy now
and not wait until the middle of next
May to send their officers rushing
all over the country, giving orders
and never returning to see if they
have been carried out—a pure waste
of time and money.

It is claimed by the Department
that the disease is easily spotted at
this time of year, and they advise
all "hold-over cankers" to be cut out.
Let them locate a few and put the
growers wise, and if their orders are
not obeyed let them prosecute with-
out fear or favour whatsoever, and
their efforts then will be thoroughly
appreciated by all growers who have
the fruit industry really at heart and
are dependent upon it for their bread
and butter.

Yours truly,

HUGH S. ROSE.

Hockey Club Concert

The Kelowna Senior Hockey Club
have framed up a very attractive
programme for their concert to be
held in the Opera House next Tues-
day night, Dec. 16, under the cap-
able management of Mr. McIntyre,
Dominion Express Agent.

The head liner on the bill will be
an exhibition of wrestling by Claren-
ce Eklund, the champion middle-
weight of Canada and Bob Suther-
land, the popular local heavyweight.
It promises to be a very interesting
exhibition and the hockey boys are
very grateful to the two grapplers for
the promised treat.

The Mimori Bros., who gave such
an interesting display of jiu-jitsu and
Japanese sword play at the smoker
held in the Opera House last season,
will repeat their performance on
Tuesday. They will show some of
the effective combinations in the art
of self defence, as practiced by the
subjects of the Mikado.

A boxing bout between local wel-
ter-weights will add variety to the
programme.

A citizen who hails from "Auld
Scotia" will trip the light fantastic
through the mazes of the sword
dance, accompanied by the "pibroch."
Weather permitting, kilts will be
insisted upon.

A number of good vocalists have
promised to render solos, and the
Kazoo Band and the Fuzzy-Wuzzies'
Orchestra, manned by husky pack
chasers, will fill in the intervals with
harmony calculated to tickle the so-
lar plexus. Anyone who refuses to
laugh at the efforts of this classical
organization, will be handed over to
the jiu-jitsu sharks for a "workout."
The penalty for the second offence
will be to join the orchestra.

CROWLEY BLOCK Phone 270 KELOWNA, B. C.

After this little heart-to-heart talk with the boys, lacrosse sticks were placed on sale at one of the local stores, and every boy from the age of twelve up to eighteen was furnished with a stick at less than the cost of production, the difference in the cost of the sticks being made up by a number of citizens and by concessions made by Joe Lally. The result was that practically every boy in Cornwall was playing lacrosse, games being played between the different rooms in the different schools during intermission and after four o'clock, the teachers supervising the play. Then the young ladies of the High School, emulating the college girls in England, among whom the game has become almost a craze, organized and lacrosse is being successfully played by them. Manufacturers' League followed.

THIRD EGG-LAYING CONTEST

Now In Progress

The first month of the third International Egg-Laying Contest, which is being held at the Exhibition Grounds, Victoria, under the auspices of the Provincial Department of Agriculture, was completed on Nov. 27th. There are 20 pens of six birds each in each of the two divisions of the contest. The results show that a pen of White Leghorns led the non-weight varieties and all other competitors with a total of 129 eggs. White Wyandottes headed the weight varieties with 128. Second place in each class was taken by the same breed as the leading pen, the second White Leghorns having a score of 103 and the second White Wyandottes, 104. No other breed came close to these figures, the highest of any other variety in the non-weight class being Silver Campines, with 45, and in the weight class, Rhode Island Reds, with 71. It should be mentioned, however, that the Campines were not received until fifteen days after the commencement of the competition.

As to feed, owing to inability to secure milk albumen, the same proportion (10 per cent.) of beef scrap is being used in the wet mash. Mangolds are being fed daily, supplementary to chickweed and garden refuse. The morning and evening feed of hard grain is composed of 1 part by weight of wheat and cracked corn. For the dry mash in hopper the proportions are, for 100 lbs.: ground oats, 44; shorts, 25; white middlings, 20; beef scrap, 10; charcoal, 1. For the wet mash, 100 lbs.: ground oats, 30; shorts, 45; white middlings, 15; beef scrap or milk albumen, 10. The difference in make-up of the two mashes was made on account of the dry mash not mixing well when moistened. The wet mash, as above, gives a dough of a crumbly nature, and is greatly relished by the birds.

POPULARIZING LACROSSE

Continued from Page 4

and six clubs made up of teams from the two cotton mills, the Toronto Paper Mfg. Co., The Ives Modern Bedstead Co., The McGill Chair Factory and the Beach Furniture Company comprised the league. Every Saturday afternoon throughout the summer fully eighty-five players were seen in action, three matches of one hour each being played by the six clubs. The league proved a big success and fully three thousand people have attended these games, an admission of only ten cents being charged, the players looking more to the honour of playing for their respective institutions than for the gate receipts. The series ended in a tie between the two cotton mills, Canada and Stormont, and was won by the Stormont team after a closely contested game.

Enough cash was taken in at the gate even at such a small price of admission to enable the Committee to present the winning team with thirteen gold medals, and to give a banquet at the King George Hotel on the evening of Nov. 26th, when one hundred and twenty-five covers were laid, besides leaving one hundred dollars in the treasury. The medals won by the Stormont team were presented at the banquet.

What Cornwall has done other towns can do also, and it only requires a few enthusiastic lovers of the great old game in each town to take hold and start the ball rolling to firmly establish lacrosse from one end of Canada to the other. They will find the public will be behind them if they will only start the movement and put a little snap into the organization. Isn't it worth while? Let our young men get busy and do what Cornwall has done.

"Rod and Gun"

An interesting and well illustrated account of Hunting the Hair Seal in Newfoundland Waters is given as the opening article in the December issue of "Rod and Gun" which has recently come to this office from the publishers, W. J. Taylor, Limited, Woodstock, Ont. Other articles worthy of special mention are "A Lonely Fur Factor," descriptive of a day at Wakeham Bay on the Labrador coast; Caught by a Halibut in Alaska; Mike's Claim; A story of East Kootenay, B. C.; A Plea for the Moose; An Article on the Abuse of Moose Hunting by the Swampy Cree Indian; and a host of other articles in keeping with this representative magazine of outdoor life. A special article on The Trap Shooting Game in Canada appears under the heading of The Trap and the other departments are as usual well maintained.

An English lord was traveling through the States with a small party of friends. At a farm house the owner invited the party in to supper. The good housewife, while preparing the table, discovering that she was entertaining nobility, was nearly overcome with surprise and elation. All seated at the table, scarcely a moment's peace did she grant to her distinguished guest in her endeavour to serve and please him. It was, "My lord, will you have some of this?" and "my lord, do try that; take a piece of this, my lord" until the meal was nearly finished. The little four-year old son of the family, heretofore unnoticed, during a moment of supreme quiet saw his lordship trying to reach the pickle dish, which was just out of his reach, and turning to his mother said: "Say, ma, god wants a pickle."

BOSTON OPERA COMPANY

At Opera House, Saturday, Dec. 13

The Boston Opera Company, which presents "Said Pasha," is a comic opera company (not a musical comedy), and one that delights the music loving public.

Some twenty-odd singing numbers are used in the three acts, and they are interpreted by a cast that was selected on account of their singing voices, and supported by a strong chorus of girls that can sing and dance delightfully.

Mr. Jack Leslie and Mr. Ray Southard are two well known opera comedians who stand away in their profession, and their comedy permeates the entire three acts.

Miss Hortense Travers, the prima donna soprano, Miss Jessica Clement, mezzo-soprano, Mr. George M. Perkins, tenor, Mr. L. Barton Evans, baritone, and D. Carr Macdonald, basso, go to make up the principals in the cast.

THOS. LAWSON, LTD.

A MAN may be always well gloved without being an expert in leather.

FOWNES GLOVES

were good gloves when your father, grandfather and great-grandfather wore them. . . Only solid worth could have sustained their reputation all these years.

Sold by good stores everywhere—never under any other name than Fownes.
